# GreenTriplex PM060M02: Variable, reliable and always a winner!

**30 Years**  
**EWS**  
fotovoltalk.se  
Best brands from one source  
Specialist wholesaler since 1985

Convincing arguments: The new GreenTriplex module PM060M02 stands out thanks to its high reliability, exceptional durability, and outstanding performance, thus confirming once again BenQ's high-quality standards. Even under weak light conditions, i. e. dusk, haze, clouds, or diffuse light, the monocrystalline solar modules for residential and commercial applications perform superiorly. While conventional modules only maintain 95 % of its original module efficiency, the GreenTriplex PM060M02 can still attain 98 %.

Choose BenQ's **280 Wp module** (black frame, white back sheet) or the **275 Wp fullblack model** now and seize the opportunity to win attractive prizes in our new promotional campaign with BenQ Solar.

If you buy BenQ solar modules (with a min. volume of 3 kWp) during the promotion period from **1 September to 30 November 2015**, you participate automatically in one of the three monthly draws. Depending on your purchase volume/month, you have the chance to win either a fancy LED table lamp, a LED monitor for office or multimedia applications, or a BenQ video projector:

## GreenTriplex PM060M02 – at a glance
